Mike Barnes, Grievance Committee

Over the years, there have been a few situations where employees were very challenging. While they may have been great people, they were not the type who needed to work with children. With close monitoring, these people were assigned certain task that would highlight their deficiencies. Instead of handling these tasks, the employee would quit. The employee realized that this job was not for them and, by quitting, there were no HR issues.

Please check the box to acknowledge that you understand that you will be asked to evaluate disciplinary action or other decisions and evaluate situations and circumstances based on information presented and vote on recommended action(s) when you serve on this Committee. Term of Appointment is 3 years or less.
