

- 1. Accessory structures over 600 sf must comply with principal setback requirement.*
- 2. No accessory structures may be located on corner lots between the street and wall line of the principal structure.*
- 3. For any nonresidential structure which is located immediately adjacent to a single family residential use or district, the lot boundary line minimum distance shall be determined as follows: For every foot building height, the developer shall provide setbacks equal to the height of the building. At no time shall the setback be less than what is indicated in the above table.*
- 4. The Development/District Exterior Setback/Buffer shall not apply between adjacent LI and HI districts. A waiver of these requirements may be granted by the Administrator for LI and HI lots existing at the adoption date of this ordinance which do not meet the specified minimum District/Development Area. In such instances the building setback standards for the AR District shall apply. A waiver of these requirements may also be granted by the Administrator in order to permit access to an adjacent railroad right-of-way.*
- 5. Elevated Water Tanks installed by the Lancaster County Water and Sewer District are exempt from building height requirements. The tanks shall also be exempt from the setback requirement "For every foot of building height, the developer shall provide setbacks equal to the height of the building". Lancaster County Water and Sewer District's Elevated Water Tanks will be required to conform to the setbacks within the zoning district they reside in.*
