Reason for interest:

To get a better understanding on how I can help my community and assist collaborating agencies of Lancaster County on how the Health and Wellness Commission can work with them. I also would like to bring more diversified ideas to this community.

I also have an interest in what causes a lot of our health issues that we face in everyday life, (chemical imbalance, drugs, personal life, alcohol, diet, etc.).

Why do you feel you are qualified to serve on these boards? In addition, note education, areas of expertise, skill and interests.

I currently work with the public in the capacity of work that I do., I communicate well with all people from different races, background, ethnicities, and financial statuses). I have an Associate in Criminal Justice and am pursuing my Bachelor's in Liberal Studies with a minor in psychology and sociology. I have attended Mental Health training to better understand the issues that present themselves in our community.
